HOME CARE

Your Comfort,
Our ResponsibilitySM

There's No Place Like Home

Sometimes circumstances can make the simplest of life's activities a challenge. At this time you want the comfort and security of being in your own home... where familiar surroundings allow you to maintain the lifestyle and sense of freedom that you are accustomed to, that you have earned, that you deserve.... close to friends and family. Often times assistance from a non-family member is all that you need to realize this wish and desire.

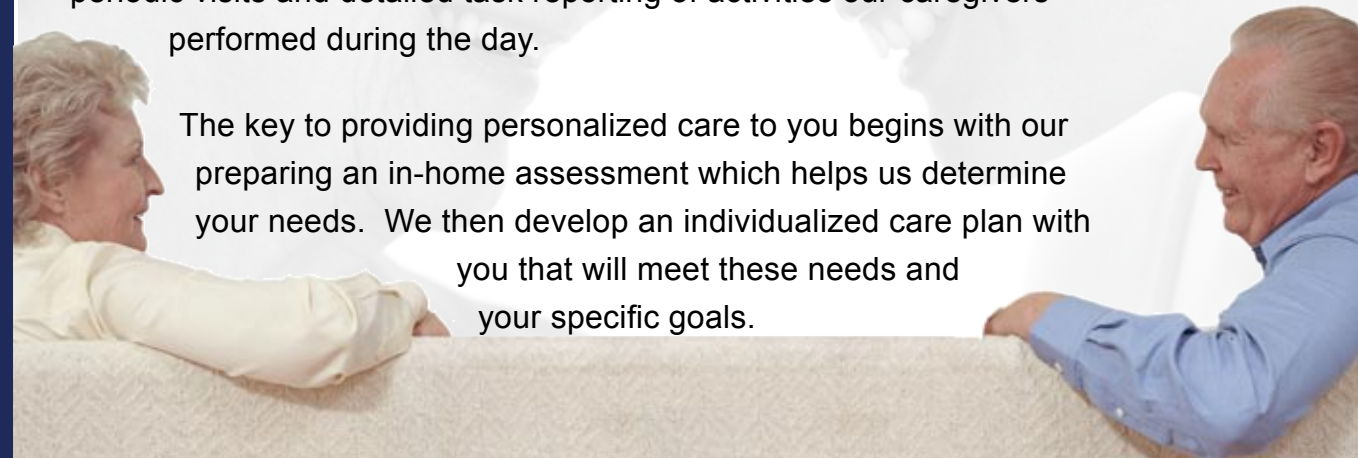

Life At Home Is The Key To IndependenceSM

CareMinders® Home Care is dedicated to providing safe, caring and understanding companionship, personal and related home support services and assistance to elderly, handicapped, convalescing and dependent adults in the comfort of their own homes. We meet your needs whether it is a few hours a day or 24 hours a day, 7 days a week. We are there for you.

BUILDING A RELATIONSHIP

Choosing a caregiver to assist you, a parent or other loved one or friend is no small decision. Where do you turn, how do you decide which company to use, and what kind of caregiver do you need? At CareMinders® Home Care we begin building a relationship with you from the start, and continually strengthen it, step-by-step, day-by-day, through periodic visits and detailed task reporting of activities our caregivers performed during the day.

The key to providing personalized care to you begins with our preparing an in-home assessment which helps us determine your needs. We then develop an individualized care plan with you that will meet these needs and your specific goals.

Your Comfort, Our ResponsibilitySM

Part of the assessment process includes determining the characteristics of the ideal caregiver that satisfies your care plan. Before we suggest a specific caregiver to assist you, we make all efforts to match their qualifications, interests, and unique characteristics with your preferences.

When selecting CareMinders[®] Home Care, you're choosing a local company that considers it both a privilege and a responsibility to care for you or someone you love and give great consideration of their wants and desires. We go to great lengths to satisfy those needs...after all, your comfort is our responsibility.

OUR CAREGIVERS

It takes someone special to become a CareMinders[®] Home Care caregiver. Our caregivers must pass a detailed screening

process, including an extensive interview and criminal and other background checks to help determine if they truly represent the CareMinders[®] Home Care ideals of integrity, loyalty and a caring personality. All caregivers are insured and bonded for your peace of mind.

SERVICES OFFERED

Regardless of age, CareMinders[®] Home Care offers a wide range of both long and short term assistance to adults. You or your loved one may have a temporary or permanent disability or illness, or may just be in need of someone to assist you or them with the activities of daily living.
